DESCRIPTION

Ville Green Noa - End Terrace Villas

Olbia, Ville Green Noa, is a new project with ten independent units. Three detached villas and seven terraced villas. They have been designed for those who want an independent solution, without condominium fees, with a modern design and large internal and external spaces. The two end terrace villas will have two living levels plus a cellar/tavern in the basement. They will be characterised by high energy performance in all seasons, thanks to new system technologies, and they will all be energy class A4. It is built with top-quality and innovative

materials. Radiant underfloor heating and cooling system, heat pump chiller with storage kit for heating, cooling and domestic hot water. Photovoltaic system with a power of 6kW and provision for a solar thermal system for domestic hot water. Wide range of materials from the best brands. Villas tailored to your needs. Contact us for an appointment, we will help you find the best housing solution. Start of works: October 2023 Completion: Spring 2025 Prices start from €502.619 THE IMAGES SHOWN ARE PURELY INDICATIVE AND NOT BINDING
