## DESCRIPTION

# PANORAMIC PENTHOUSE WITH SEA VIEW TERRACE

Seafront penthouse of about 150 sqm commercial, inserted in recently built building, designed as an exclusive residence for those who want to experience the sea in an authentic way, with important outdoor spaces and a high level of comfort. The dwelling is developed on two levels, with bright and well-proportioned rooms. The first level hosts an elegant living area with an open kitchen, an informal and convivial space, ideal for daily life and hosting. Two bedrooms and a bathroom, well-organized and functional, complete the floor. The second level, connected by an internal staircase with a modern design, houses a study area, a third bedroom and, above all, a large equipped terrace, equipped with a summer kitchen and barbecue. A private and panoramic space, designed to be experienced outdoors: breakfasts overlooking the sea, informal lunches, dinners

at sunset and moments of relaxation in total privacy. The interior expresses a warm and balanced contemporary style, with parquet floors, quality materials and careful finishes, which make the house immediately usable, without the need for intervention. The property is completed by a garage and a cellar, essential elements for convenient management even during the busiest seasonal periods. The seafront location, with the waterfront just a few steps away, allows you to fully enjoy the outdoors. Restaurants, services and connections are within easy reach, ensuring convenience without sacrificing the tranquility of a private and scenic home. An ideal solution as a valuable second home, for those seeking a representative home, with livable outdoor spaces, sea views and a strong emotional value, also with a view to maintaining value over time.
