DESCRIPTION

NEW VILLA WITH PANORAMIC VIEW

Nestled in the hills that embrace Lake Como, this villa is a refuge of elegance and serenity, where every detail has been designed to offer maximum comfort. From its terraces, a breathtaking panorama opens up: the city of Como with its red roofs, the lake that shines like a jewel under the sun, and the mountains that rise majestically on the horizon. Inside, the villa reveals itself in all its magnificence. In the basement, a large garage leads to an indoor swimming pool that invites moments of relaxation, a small wellness corner, with contrast shower, spa, hamam and dressing room with dedicated bathroom. Here there is also a practical laundry room and a convenient storage room, for impeccable organization. The ground floor is the beating heart of the house: a bright living room with fireplace for unforgettable evenings, a dining room perfect for welcoming friends and family, and a modern kitchen

that opens onto a terrace where the breathtaking view of Lake Como becomes an integral part of everyday life. A comfortable bedroom and two bathrooms complete the functionality of this level. Going up to the first floor, the sleeping area offers two additional bedrooms, each with its own unique character, and two bathrooms finished with quality materials, designed for absolute comfort. Outside, the private garden of 1000 square meters is an oasis of peace. Here, under the clear sky, you can organize a barbecue with friends, read a book on the sun loungers or simply let yourself be lulled by the beauty of the landscape. The independent entrance guarantees privacy and an exclusive touch. Located in one of the most sought-after positions in the area, this villa is a rare combination of luxury, tranquility and natural beauty. Delivered completely renovated, ready to become your corner of paradise.
