Exclusive Villa on the Hill - Luxury and Comfort in Aci Sant'Antonio - Catania

In Aci Sant'Antonio, an elegant hillside resort located between the sea and the slopes of Etna, appreciated for its tranquility and for the harmony of the residential context, in Via Fossa Lupo 15 we offer for sale a newly built villa with an exclusive character. The residence, of 145 sqm on one level, is distinguished by spacious and bright rooms, furnished with taste and attention to detail. The living area, refined and cozy, hosts an open kitchen with a contemporary design, perfectly integrated into the living space. The sleeping area includes two bedrooms, one of which is enriched by a walk-in closet, and two bathrooms with essential and elegant lines. The independent

entrance ensures privacy and comfort, while high-level technical equipment, including a 12 kW photovoltaic system and Francoil air conditioning systems, complete a property designed for modern and sophisticated living. Outside, a private garden of about 700 square meters surrounds the villa, creating an intimate and relaxing atmosphere, enhanced by a swimming pool that enhances the spaces dedicated to outdoor living. A charming residence, ideal for those who want to experience the quietness of the hills, in a strategic location between the coast and the mountains, without sacrificing elegance and contemporary comfort. Planned delivery: September 2026.
