Pittulongu, Villa with garden a few steps from the sea

In Pittulongu, just 200 meters from the sea, this single villa tells the discreet charm of Mediterranean houses: bright, cozy and designed to live Sardinia naturally. The property, arranged on two levels, enjoys a pleasant sea view and offers spacious and well-distributed rooms. The architecture recalls the typical Costa Smeralda™ style, with white facades, arches, niches and soft details that dialogue with the landscape. Natural rocks at the entrance and marble window frames add character and charm. The ground floor features a bright living area, separate kitchen, master bedroom with en suite bathroom, second blind bathroom, veranda and covered porches. On the second floor, there is a master bedroom with en suite bathroom, a second bedroom with en suite bathroom and sea view porch, as well as a storage room. The private garden is an intimate and private space, ideal for outdoor living in total tranquility. The possibility of building a private pool further enhances the property. A technical room and two uncovered parking spaces complete the villa. The proximity to the
